

[CM] August Social Media Impact

Type of Project: social media plan

External Project Request: n

Project Lead: ava

Kick Off Date: 07/14/2025

Deadline 1: 07/31/2025

Deadline 2: 08/13/2025

Status : In Progress

🌟 Overview

We're refocusing on a more growth-focused narrative, centering our content around business scalability, smart tech adoption, and AI as a collaborative partner. This aligns with our key insights from the B2B buyer survey which show ATL audiences are prioritizing efficiency, innovation, and long-term transformation over tactical quick wins.

Our tone this month leans more intentional, still human but sharper, crafted to resonate with strategic decision-makers and business leaders. Thought leadership and educational content will highlight how Impact enables sustainable business growth through tech-forward solutions, while videos and carousels will provide digestible take

🎯 Target Audience

Targeting organic social is nearly impossible. There is no clear way to exactly target, but there are ways to speak to target audiences. Know that not every post will exactly hit the target audience, but also outside.

We're speaking to decision-makers (and those who influence them) by making content that is valuable, digestible, and relevant that others feel compelled to pass along. Our posts aim to become the slide shared in a morning meeting, the insight saved for

later, or a topic of lunch conversations.

Key Messages

1. AI is a strategic partner, not a tool.
2. From insight to execution, we're here to help you scale what matters.
3. The goal isn't to adopt more tools. It's to solve real problems faster, smarter, and at scale.

Goals

Establish goals your team will be pursuing. Remember, goals should be outcomes not efforts.

Distribution Channels

Organic Social:

Specs

Instagram: 1080 x 1350

- keeping all important information (text and images) in the 1080 x 1080 safe zone (applies for first slide of graphic carousels only and single graphics)

Facebook: 1080 x 1350

X: 1080 x 1080

YouTube Shorts and Reels: 9:16

Reels and Shorts Covers: 1080 x 1920

- Please make sure all-important information is in the 1080 x 1080 safe zone

Pinterest: 1000 x 1500

Copy Direction

- Social Voice/Persona:
- 🤪 **Witty and Clever:** Smart quips, snarky humor, and pop culture references that make it engaging without being unprofessional | think "personable by sharp"
- 🧐 **Educational and Insightful:** Posts are informative but with digestible, user-friendly formats/verbiage | position Impact as a trusted authority that explains complex topics clearly and succinctly
- 😊 **Friendly and Human:** Tone is approachable, avoids jargon-heavy or robotic language | clear sense of personality behind the posts - the knowledgeable coworker who also knows how to make you laugh
- 😊 **Confident but Humble:** Celebrates wins and innovations without sounding self-congratulatory | confident in its expertise, but always audience-centered

Per-Platform:

- 🤪 **Instagram/Threads:** More playful and experimental; memes, inside jokes, and timely trends
- 🧐 **LinkedIn:** Still witty, but with a more polished and thoughtful tone that's tailored for professionals
- 😊 **YouTube/Facebook:** Educational and engaging
- 😊 **All platforms:** Always on-brand | modern, helpful, your best friend, that fun coworker, a little tongue-in-cheek

Persona description: Impact is your sharp-witted friend who always has the answer to your tech problems, delivers it with a clever punchline, and somehow still manages to make IT and cybersecurity sound cool.

Design Direction

Mandatories:

- For all 1080 x 1350 carousels, please make a PDF version
 - If there is an end card with "Link in caption" use that in this version

Considerations:

- Let's try to stick with the comic book theme. That makes us stand out among our competitors and engagement + reach has been great with this style
 - see below for examples

Assets (old artwork, logos, etc.)

-  Data Analytics in Manufacturing
-  IT vs. Cybersecurity
