

[CM] July Social Media Plan - Impact

Type of Project: social media plan

External Project Request: N

Project Lead: ava s.

Kick Off Date: 06/10/2025

Deadline: 06/30/2025

Status : In Progress

🌟 Overview

In July, we're refocusing to a more growth-focused narrative, centering our content around business scalability, smart tech adoption, and AI as a collaborative partner. This aligns with our key insights from the B2B buyer survey which show ATL audiences are prioritizing efficiency, innovation, and long-term transformation over tactical quick wins.

Our tone this month leans more intentional, still human but sharper, crafted to resonate with strategic decision-makers and business leaders. Thought leadership and educational content will highlight how Impact enables sustainable business growth through tech-forward solutions, while videos and carousels will provide digestible take

🎯 Target Audience

Targeting on organic social is nearly impossible. There is no clear way to exactly target, but there are ways to speak to target audiences. Know that not every post will exactly hit the target audience, but also outside.

We're speaking to decision-makers (and those who influence them) by making content that is valuable, digestible, and relevant that others feel compelled to pass along. Our posts aim to become the slide shared in a morning meeting, the insight saved for later, or a topic of lunch conversations.

 Key Messages

- 1. AI is a strategic partner, not a tool.
- 2. From insight to execution, we're here to help you scale what matters.
- 3. The goal isn't to adopt more tools. It's to solve real problems faster, smarter, and at scale.

 Goals

Establish goals your team will be pursuing. Remember, goals should be outcomes not efforts.

	 Annual	 Q3	 Q3 Campaign - Summer Tech Impowerment
1	Grow total followers by 17%	TBD	Garner a total of 50 web sessions
2	Grow video views by 3%		Obtain a total of at least 5 Tier 1 sessions
3	Grow shares by 3%		Have a total of 20 shares by the end of the campaign
4	Grow web sessions by 10% (up to 9,195)		Increase positive sentiment on LinkedIn and Instagram
5	Increase overall engagement by 10%		

 Call to Action

Check out our website for more tech and business growth insights.

 Definition of Done

Sprint 1: Plan is sent for copy review and ready for design for next sprint

Sprint 2: Graphics are complete and ready for posting

 Stakeholders / SMEs

SMC - Ava

CM - Marina

 Team Members / Responsibilities

List the team members involved in the project and their specific role in the project. For larger projects, also note the specific responsibilities of each team member involved.

	Roles	Assignees
1	Social Lead	 Ava E. Smith
2	Campaign Manager	 Marina Lamberti
3	Copy Lead	 Lauren Hando
4	Design Lead	???

References

Link to reference materials that the team can use to guide the project, including previous work.

Project Folder:  Login or Sign Up - Dropbox

Research:  AI Executive Survey Findings.pptx |  2025 B2B Buyer Survey Findings.pptx

Timeline

List a general overview of the deliverables needed to be produced and content needed, with timeline. The list should include the outputs of each phase and processes.

	Task	Assigned to	Date
1	create plan	 Ava E. Smith	Tue, Jun 17, 2025
2	review plan	 	Wed, Jun 18, 2025
3	add posts to calendar	 Ava E. Smith	Wed, Jun 18, 2025
4	create graphics		
5	review graphics		
6	[add video tasks here]		

Distribution Channels

Organic socials:

- X, IG, FB, LN, YT, TH, P

Specs

Instagram: 1080 x 1350

- keeping all important information (text and images) in the 1080 x 1080 safe zone (applies for first slide of graphic carousels only and single graphics)

Facebook: 1080 x 1350

LinkedIn: 1080 x 1350

- For graphics carousels, please make sure it is in PDF format

X: 1080 x 1080

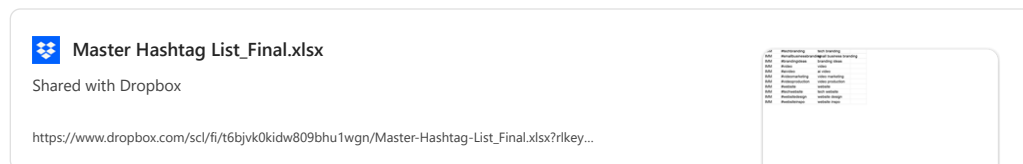

YouTube Shorts and Reels: 9:16

Reels and Shorts Covers: 1080 x 1920

- Please make sure all important information is in the 1080 x 1080 safe zone

Pinterest: 1000 x 1500

Keyword (if needed)

Copy Direction

- Social Voice/Persona:
- 🗨️ **Witty and Clever:** Smart quips, snarky humor, and pop culture references that make it engaging without being unprofessional | think "personable by sharp"
- 🧐 **Educational and Insightful:** Posts are informative but with digestible, user-friendly formats/verbiage | position Impact as a trusted authority that explains complex topics clearly and succinctly
- 😊 **Friendly and Human:** Tone is approachable, avoids jargon-heavy or robotic language | clear sense of personality behind the posts - the knowledgeable coworker who also knows how to make you laugh
- 😊 **Confident but Humble:** Celebrates wins and innovations without sounding self-congratulatory | confident in its expertise, but always audience-centered

Per-Platform:

- 😄 **Instagram/Threads:** More playful and experimental; memes, inside jokes, and timely trends
- 🧐 **LinkedIn:** Still witty, but with a more polished and thoughtful tone that's tailored for professionals
- 😊 **YouTube/Facebook:** Educational and engaging
- 😊 **All platforms:** Always on-brand | modern, helpful, your best friend, that fun coworker, a little tongue-in-cheek

***Persona description:** Impact is your sharp-witted friend who always has the answer to your tech problems, delivers it with a clever punchline, and somehow still manages to make IT and cybersecurity sound cool.*

Design Direction

Mandatories:

- For all 1080 x 1350 carousels, please make a PDF version
 - If there is an end card with "Link in caption" use that in this version

Considerations:

- Let's try to stick with the comic book theme. That makes us stand out among our competitors and engagement + reach has been great with this style
 - see below for examples

Assets (old artwork, logos, etc.)

- [🔗 Data Analytics in Manufacturing](#)
- [🔗 IT vs. Cybersecurity](#)

Thought Architecture with Jon Evans | Reel

Post Date: Wednesday, July 2nd

Pillar: thought-leadership

Link in bio: n/a

Caption:

- LN:
 - What if the secret to better outcomes isn't smarter tech... but smarter thinking?
 - We're done talking about tools. This is about Thought Architecture—an idea about not replacing your thinking but enhancing it. 🧠✨
 - It's not about the shiniest tool. It's about intentionally designing how your team thinks, solves, and builds with technology embedded as a partner.
 - Check out this convo with our Chief AI Officer, Jon Evans, and let us know your thoughts. How are you collaborating with AI? What questions do you have that remain unanswered?
 - #AITips #BusinessGrowth #Technology

- LN:
 - A recognizable brand is valuable. A credible and agile brand? That's a growth engine. 📈
 - In today's tech landscape, how your business is perceived defines its market share. AI, automation, and algorithms have raised the bar, not replaced it... meaning strategy is still king.
 - The brands winning today are those delivering a consistent, real-time experience that evolves with their audiences, leveraging technology as a strategic advantage.
 - Our blog explores how smart use of tech in branding helps businesses grow market share and stay top-of-mind against competitors.
 - 🖱️ <https://www.impactmybiz.com/blog/tech-branding-market-share-growth/>
 - #BusinessGrowth #MarketingStrategy #Leadership
- IG:
 - FACT: You can't grow market share if no one knows who you are. 💡
 - Visibility funds credibility, and credibility closes deals. 💰
 - Today's most resilient companies are building brands that adapt fast, speak with clarity, and deliver relevance where it counts.
 - See how #technology is reshaping #brandstrategy for growth-minded leaders at the link in our bio. 🔗📱

- Text:
 - Graphic 1:
 - Business leaders should be using technology to fuel market share growth.
 - But how? 🤖

- Graphic 2:
 - Leverage AI Creatively
 - AI introduces fresh strategic angles—challenging default thinking and enhancing creative direction. The most impactful outcomes come from using AI as a partner in innovation.
- Graphic 3:
 - Automate for Efficiency and Scaling
 - AI platforms now automate campaign optimization, budget shifts, and conversion forecasts—delivering scale without manual effort.
- Graphic 4:
 - Build the Customer Journey Through Personalized Touchpoints
 - AI-powered personalization transforms static campaigns into seamless, adaptive journeys that build trust and drive results.
- Graphic 5.1 (IG Only):
 - The brands that will grow market share are the ones that apply data and tools with clarity, purpose, and originality.
 - Head to the link in our bio to start growing your market share.

Cybersecurity Policy Fundamentals | Videospan Reel

Post Date: Wednesday, July 16th

Pillar: thought-leadership

Link in bio: https://www.impactmybiz.com/checklist/fundamental-cybersecurity-policy-template/?utm_source=instagram&utm_medium=social&utm_campaign=thought-leadership&utm_content=328354956

Caption:

- LN:
 - Growing a business takes focus. But all it takes is one bad click to throw that momentum off.
 - Most mid-sized companies don't have a cybersecurity policy in place. Not because they don't care but because they haven't had time. If your team doesn't have a basic cybersecurity policy in place, now's the time!
 - Our experts designed this cybersecurity policy template to give you a head start on becoming cyber aware 🙌
<https://www.impactmybiz.com/checklist/fundamental-cybersecurity-policy-template/>
 - In this template you'll find best practices for:
 - 1 Device security
 - 2 Internet usage
 - 3 Email security
 - 4 Password management
 - 5 Cybersecurity awareness and training
 - 6 Remote staff security
 - 90% of data breach incidents target the human element (your employees) to gain access to sensitive business information. Be ahead of the threats and download your cybersecurity policy template.

- #CybersecurityTips #BusinessGrowth #CybersecurityPolicyTemplate
- IG:
 - You've got growth plans. Hackers have other plans. 🙊
 - Most mid-sized companies don't have a #cybersecurity policy in place, and not because they don't care but because it's never top of mind (when it should be).
 - Our experts built a #cybersecuritypolicy template that helps you put guardrails in place before things go sideways. Check it out at the link in our bio. 🔗
- X:
 - Our experts designed this #cybersecuritypolicy template to give you a head start on becoming cyber aware 🙌
<https://www.impactmybiz.com/checklist/fundamental-cybersecurity-policy-template/>

Video direction:

- **Tone:** Direct, confident, consultative
- **Format:** Talking-head or narrated over b-roll
- **Style:** Friendly but urgent
- **Details:**
 - The goal is to get people to convert and download our cybersecurity policy template that is full of guidelines to help prospects understand the importance of cybersecurity and their role in securing their org.
 - Bring up a few stats about why being cyber aware is important
 - explain the impact for both client and business

Reels Cover Direction:

- **Text:**
 - Cybersecurity Policy Fundamentals
- **Look/Feel:**
 - Add in the background of someone in a hoodie looking suspicious. They could be in a red hoodie or the lighting should be red

- Check out how you can use AI to help you with content creation in our blog.

Graphic Direction:

- Text:
 - 3 Ways to Use AI in Content Creation
 - 1. Brainstorming and Ideation
 - Instead of starting from scratch, you can prompt AI to generate a range of ideas, topics, or angles tailored to your goals.
 - 2. Workable First Drafts
 - These drafts can outline structure, flesh out key points, and even suggest language that captures your intended tone.
 - 3. Feedback and Critique
 - By feeding AI your drafts or ideas, it can give you suggestions for improvement, spot inconsistencies, or uncover blind spots that might otherwise go unnoticed.
- Look/Feel:
 - Can we have it look like a whiteboard like the graphic in the blog [How to Use AI In Your Marketing Content Cr...](#)
